SPONSORSHIP KIT

Beta Lambda Lambda was founded December 6, 2000 as the Gwinnett Chapter of the international fraternity Omega Psi Phi, Fraternity, Inc. In 2014, the Chapter founded See It Through Foundation of Gwinnett, a 501 (c)(3) non-profit, as a means to amplify the efforts of the local chapter and to formalize a programmatic approach to philanthropy and education expansion in the communities of Gwinnett and adjacent counties. The Foundation's vision and mission is to educate, expand and empower minds to strengthen lives and community, and to unite youth, adults and seniors to promote strong families and build successful communities. Together, the organizations collectively commit over 2,600 hours annually to community service and invest in cause-based initiatives such as health education and screening, food and clothing drives, a national Science-Technology-Engineering-Math (STEM) program and youth mentoring. The two organizations also partner with civic and faith-based organizations such as Overcomers House, Inc., Division of Family and Children Services (DFACS), and New Mercies ministries to execute on the respective missions and positively impact the lives within the communities we are so privileged to serve. Strategic partnerships with organizations such as yours allow us to do more, give more and deepen the impact of the programs and initiatives we support.

As a brotherhood built on the principles of philanthropy and scholarly attainment, we are excited for the opportunity to partner with you. We are confident our service record within the community will prove us a worthy partner and form the basis for a relationship that will grow over time. Further, we trust this sponsorship brochure and outline of our strategy for success will move you to support the See It Through Foundation and Purple Rhapsody 2022. Inside you will find ways to not only grow your brand in the community, but to become an integral part of a growing mission. We encourage you to find a sponsorship level that best suits the needs of your business, but better yet, one that positions your brand to resonate within the communities that you serve as well.

YOUR CONTRIBUTIONS AT WORK

THE EVENT, YOU, US – ENERGY BEHIND THE CAUSES WE SUPPORT

See It Through Foundation sponsored events such as Purple Rhapsody enable us to impact the communities we live, work and play in. With every event hosted by the Foundation and Beta Lambda Lambda Chapter, 100% of net proceeds are poured back into local communities, schools and civic-based organizations from Dacula to Sugar Hill, and every community in between. Since its inception, the Foundation has awarded over \$120 thousand dollars in scholarships to worthy students along with significant investments in Gwinnett County and adjacent communities by the local chapter. Because of our philanthropy and commitment to serve, we believe our communities are stronger and our brand has become stronger as well over the years through the diverse partnerships cemented in like causes.

We believe residents of Sugar Hill will be receptive to our proposed event Purple Rhapsody due to its diverse and eclectic vibe and the spirit of giving that permeates the community. Purple Rhapsody annually brings together individuals from all types of backgrounds to enjoy great music, food and friendship – all for a worthwhile cause in educating today’s youth. Based on prior concerts we’ve experienced at the Bowl and with similar music genres, we have great confidence that Purple Rhapsody will be a success and will grow over time with a partnership with the City of Sugar Hill and you as a sponsor.

Students Competing in S.T.E.M.

Gwinnett County and area Middle Schools

In 2017, Omega Psi Phi's Gwinnett Chapter implemented the STEM/STEAM program as part of several initiatives aimed at supporting today's youth. The program focuses on providing students in middle school and high school opportunities to participate in national drone building and problem-solving competitions. The pilot program was implemented in Gwinnett County Schools, which have participated in the G3 Robotics competitions each year since 2017. In the program's inaugural year, several of our schools won various awards in the National Drone Competition. Omega Psi Phi's Gwinnett Chapter has sponsored over 300 kids and roughly 30 teams participating in various competitions since the program's inception.

Brigadier General Charles Young Mentoring
Gwinnett County and area Middle Schools

Honoring one of our most notable members and a significant figure in our country's military history, the Chapter founded the Colonel Charles Young Mentoring program where we mentor dozens of youth across Gwinnett each year. Our goal is to establish a formal program in every Gwinnett elementary school by 2023.

Events such as Purple Rhapsody that benefit scholarships, our national STEM program and other philanthropy are funded through the chapter's operating budget, which is highly dependent upon member dues. To the degree that member dues does not cover events, the chapter relies on gifts and donations. These gifts and donations enable us to maximize on the awards placed back into the community and better position each event for success. Below is a typical breakdown of how the money is allocated.
